

**Journal of Chinese Agricultural Engineering** will be covered in Elsevier products

Dear Madam/Sir,

Elsevier is happy to inform you that the above-mentioned title has been accepted for coverage in selected Elsevier product(s) starting with 2011 material. We intend to index and extract data from the full text article and integrate such data in these product(s). Note that we never make the full text available to our customers or other third parties, although we require access to the full text for purposes of indexing and extraction.

Coverage in Elsevier products increases dissemination of authors' work via linking technologies which drive additional traffic to individual articles, promoting journal brand awareness, subscription, and pay-per-view sales. In short, the benefits are high visibility to a global audience, fast online dissemination of content and increased exposure and profile for authors, editors and your publishing organization. In light of this, we appreciate it if you would consider granting us a complimentary subscription.

It would be greatly appreciated if we could set up an online-only subscription (if available), so that we may ensure that your source material is covered by our services with optimal currency. Alternatively, PDF files can be sent via email or uploaded to our FTP server.

We therefore request permission to cover your journal for which we ask you to complete and sign the attached *Coverage Form*. Please return a signed copy per email, fax or surface mail. If you would like to know in which Elsevier product(s)\* your publication is planned to be covered then please contact [bd-scm@elsevier.com](mailto:bd-scm@elsevier.com).

Thank you in advance for your cooperation and I look forward to hearing from you.

Yours sincerely,

John Hulsebosch
